European Leader in home delivery  
of nutritious pet food.

*husse*<sup>®</sup>

**Tom Eliasson, CEO & Founder of Husse**

## Welcome to Husse

Husse was founded in Sweden in 1987. Today, 25 years on, Husse is available in over 40 countries worldwide and enjoyed by more than 300,000 pet owners through our network of 750 franchisees. Husse is the European leader in home delivery of high-quality food for dogs and cats.

I hope you enjoy the Husse Catalogue. Inside you will find a range of products for dogs and cats, delivered free to your door by a friendly Husse driver or pet nutritionist. Not sure which products to choose? Just call your local Husse franchise or head office. Together, we'll find the right product for your pet, taking into account breed, age, weight, activity level and current health.

Husse pet food is produced exclusively from carefully selected, high-quality, highly digestible ingredients. The unique manufacturing process allows the food to keep the nutritional value of all ingredients.

## High quality products with home delivery

You will not find our products in traditional stores. They are only available directly from Husse Distributors.

Our distributor will help you in selecting food for your dog or cat and bring it to you anytime that would be convenient for you. Please visit [www.husse.com](http://www.husse.com) to find your Distributor.

# Healthy Lifestyle

DENTAL HEALTH

## DENTAL HEALTH

Husse food can reduce tartar formation and contribute to better dental health. The texture of the kibbles was optimised in order to increase mechanical cleaning of the teeth during chewing.

COAT+

## COAT +

Optimal balance of nutrients and Omega-6 fatty acids contribute to healthy and shiny coat and healthy skin.

CARDIO+

## CARDIO +

Contains taurine that supports the heart function.

OMEGA 3+

## OMEGA 3 +

Omega 3 protects the brain cells and improves learning capacities in pups. It also has natural anti-inflammatory activities which may be particularly helpful for dogs with skin, joint or intestinal problems. Further, omega 3 plays a role in the supply of oxygen to the body cell.

IMMUNE SYSTEM+

## IMMUNE SYSTEM +

Carotenoids for optimal immunity. Husse super premium products contain high levels of lutein and beta-carotene. These natural plant pigments have an antioxidant activity in the body cell. Beside this carotenoids also stimulate immunity.

FLORA STIMULE

## FLORA STIMULE

Omega 3 protects the brain cells and improves learning capacities in pups. It also has natural anti-inflammatory activities which may be particularly helpful for dogs with skin, joint or intestinal problems. Further, omega 3 plays a role in the supply of oxygen to the body cell.

MOBILITY+

## MOBILITY +

Chondroitin and glucosamine for healthy joints. Chondroitin and glucosamine supply the raw material necessary to produce new cartilage, and may even help rebuild worn cartilage.

CELL PROTECT

## CELL PROTECT

Husse dry food contains anti-oxidants for cell protection. Vitamins with antioxidant activity (vitamin E and vitamin C), carotenoids (lutein and beta carotene) and grape extract are the most common antioxidants used in our food.

CALCIUM+

## CALCIUM +

Calcium for stability and strength of the skeleton and teeth.

L-CARNITINE

## L-CARNITINE

L-carnitine for elimination of fat tissue.

# Sensitive

Sensitive products contain only the best ingredients with high digestibility and a high nutritional value. They are gluten free, based on chicken and rice and suitable for dogs with sensitive digestion and problems with allergies or gluten intolerance.

Gluten free formula.

Antioxidants for cell protection.

Fructo-oligosaccharides for good intestinal health.

Balanced nutrition.

Carotenoids for optimal immunity.

Reduces plaque formation.

## Valp Sensitive

## Husse stands for quality, service and knowledge

Quality is something Husse values dearly. Our unique selling points are excellent quality and professional service (meaning knowledge and nutritional advice). You will not find our products in traditional stores. They are only available directly from Husse distributors. Our distributors will help you in selecting your food for your pet and bring it to you. Please visit [www.husse.com](http://www.husse.com) to find your local distributor.

## Products

Husse dog and cat food are based on super premium and premium quality ingredients, produced in the best factories with highly professional people and equipment. A guarantee of the quality of the products and the production process is the number of loyal and satisfied customers Husse has throughout the world.

## We care for the environment and animals

Care for the environment and animals is our Business Philosophy. We try to reduce our impact on the environment, e.g. shorter transportation routes when shipping products, purchasing "tuna-safe" fish only, centralized logistics by having our main warehouse in the centre of Europe (Belgium) and by developing natural products such as our cat litter or poop bags made of corn.
